

AGS-XP Return handling

The sensor tip in an AGS sensor must be replaced after some time that normally is the segments' life time. Exchanged tips shall be returned to Dametric for recycling.

In the new price of one sensor tip a return compensation is included. At return of ten (10) used sensor tips we will give you one (1) new tip directly from Dametric, together with the next new tip delivery of sensor tips.

At shipment the form down below with all data filled in should be attached.
